

WHITE GIRL IS INFATUATED BY BLACK LOVERS

Dorothy Arnold, Aged 22, Forever Renounces White People for Negro Race.

SAYS THEY'RE LOTS NICER

Is Arrested With Senegambian in Police Raid—Draws Heavy Sentence.

Dorothy Arnold, a white girl aged 22, has renounced people of her own color forever, according to her own statement, and has cast her lot with the negroes. She was arrested in company with Verne Demery (colored) early Sunday morning at a house located on Seventh street between Fifth and Sixth avenues, and was given a 40 day sentence as was Demery.

"I am through with the whites," said the girl in police court this morning. "I love colored men and like to be around them. They treat me much better than the whites."

The Arnold girl is alleged to have been keeping company with a Moline negro, William Ritchie, who conducts a pantatorium. Late Saturday night Ritchie reported to the Rock Island police that his white sweetheart had stolen a \$20 gold piece from him. He told the local authorities she could be found at the Seventh street house, and Officer Berry was detailed on the case.

RAID IS MADE.
When an entrance was effected the girl was nowhere to be found but a search of the premises disclosed her hiding under a bed.
In police court this morning the girl denied having stolen any money and a

search failed to reveal the missing \$20 gold piece.

"I have been going with Ritchie," she explained, "and Saturday night when I went off with another man, my sweetheart became jealous and trumped up this larceny charge."

The Arnold girl was arrested in company with a colored man about a year ago when the police made a raid upon a negro rooming house.

MAN INJURED IN FALL FROM ROOF

Loses Footing on Icy Surface Plunging Distance of 12 Feet to Ground.

Nelson LaGrange, aged 60, residing at 541 Twenty-fourth street, narrowly escaped death shortly before 9 o'clock this morning, when he fell a distance of 12 feet from the roof of a shed at the rear of 1723 Fourth avenue. The old man was badly bruised and it is feared internal injuries may develop. LaGrange was working on the roof, which had been rendered icy by the rainfall yesterday and the subsequent cold snap. He lost his footing and fell to the ground. Neighbors were attracted to the spot by moans and the ambulance was called, the victim being taken to his home.

CLASSY RACES AT CLUB COUNTY FAIR

Five Events to Be Staged for Enormous Purses Next Friday Night.

FAST TRACK IS PROMISED

Management Announces \$100,000 Will Be Paid to the Winners of the Contests.

There are to be five races staged in connection with the Rock Island club's county fair at the club quarters next Friday night. The purses total \$100,000. While the races will be a feature, there will be other exciting events such as are ordinarily to be found at an enterprise of this character. It promises to be a novel entertainment throughout.

All those who attend are expected to dress in "rube" clothes. Each member is permitted to invite a friend, with the understanding that the latter subscribes to the costing conditions. The entertainment committee says that the matter of dress for the evening need not inconvenience to any great extent. For instance, a wide-brimmed straw hat, a bandana around the neck, a pair of high boots and jumpers will do. Yet the member will be allowed to go as far as he likes in rigging himself up. The program of races is announced as follows:

FIRST RACE.
Purse, \$7,246.25. Any age; 1 mile.—Clinkers, b. m. (Kline, A. R. jockey), weight 111; Six Percent, b. f. (Castel, H. E.), 91; Little Bay, b. s. (Murray, T. J.), 104; Big Bay, b. c. (Wingler, H. D.), 199; Pills, br. m. (Rofis, H. O.), 143; High Ball, b. g. (Hartz, B. C.), 177.

SECOND RACE.
Purse, \$7,219.27. Six furlongs for 2-year-olds.—Handy Man, b. g. (James, Dr. E. P. jockey), 199; The Brewer, br. c. (Huesing, A. T.), 169; His Eminence, b. f. (Guyer, E. H.), 171; Brake-man, b. c. (Mack, H. D.), 97; The Elector, br. g. (Cannon, L. F.), 114; His Honor, b. g. (Schriver, H. M.), 119.

THIRD RACE.
Purse \$4,956.95. Director's handicap, steepchase. Short course for 4-year-olds and upward.—Plow Boy, b. m. (Sharpe, C. E. jockey), 112; Gas Light, b. f. (Reimers, F. W.), 119; Pay Me, b. s. CRUMBLING SHACK TUMBLES AGAIN

Damp Weather Brings Twentieth Street Menace Nearer to Danger Point.

The crumbling shell on Twentieth street south of Fifth avenue, tumbled a little further during the night as a result possibly of the damp weather and this morning found the south wall a little more bulged and the whole affair a little more dangerous to the general public.

One of these times the entire shack will come down with possible injury and loss of life and then the city may wonder why it is facing damage suits. It begins to look as if Commissioner Reynolds' idea of building a high board fence about the entire wreck is the safest plan. If put high enough the fence would serve another good purpose.

It would shut out the hideous picture from public gaze.

POLICE NEWS

Sam Goldman and Abe Leifander were arrested Saturday evening for peddling without a license. They were attempting to dispose of a lot of decayed pears in the west end of the city, the fruit being unfit for human consumption. They were taken to the city dump by order of Commissioner Hart. The men were fined \$10 and costs each in Justice Kuehl's court, and were liberated upon their promise to pay their fines today. This morning they engaged the services of Attorney Benjamin Schriver and appealed the case.

Herbert Watson, colored, was arrested Saturday night charged with the theft of two rifles, valued at \$15 each, the property of James Porter, now in the county jail on a murder charge. The complaint was made by Henry Matthews, brother-in-law of

Porter. Matthews was fined \$1 and costs for assault and battery. He is alleged to have struck Matthews, when the latter made an effort to secure the guns.

Oscar Johnson paid \$5 and costs for disorderly conduct.

S. A. Posey, drunk and disorderly, was arrested by Officer Ginnane and this morning was fined \$50 and costs.

Martin and Anna Davis had a family quarrel. They paid \$1 and costs each and decided to patch up their difficulties.

Andy Gorman came in from Taylor Ridge Saturday night and was too freely. He had \$150 on his person when arrested, but upon his promise to go back to the farm, was dismissed.

Nick Steve, a Greek, Saturday night was walking along the sidewalk in the 2600 block when a little girl passed him. The man grabbed the child and started to drag her along, when the police arrived. Steve, when searched, was found to have but \$2.85 on his person, but later three \$5 gold pieces were taken out of the lining of his coat. He was fined \$10 and costs.

While quarreling with his wife Saturday night, William Fee, 606 Sixth street, in a fit of anger, seized a beer glass from the table and hurled it at the woman. His little daughter, upon entering the room, was struck in the head, the glass cutting great gashes in her forehead and face. She dropped to the floor and the police were called. This morning Fee was arraigned on a disorderly conduct charge and given a day fine.

MASHER HANDED KNOCKOUT BLOW

Hubby Finds Wife Drinking With Strange Man in Bar and Trouble Follows.

When Oscar Gallup of Davenport entered a local saloon Saturday night his gaze fell upon a table at the rear where his own wife was drinking with a strange man. Their heads were close together in a tele a tete, and the couple were spooning like young lovers.

Insane with jealousy the enraged husband walked to the table and with one blow sent his wife's soul mate crashing to the floor. For a few moments pandemonium reigned. There were screams and shouts and in addition there was a general rush for the exits. The police were called and Gallup, together with his victim, H. D. Ross, were placed under arrest. This morning the Davenport police paid \$3 and costs for assault and battery.

According to the story told the police, Gallup had quarreled with his wife Saturday and when he returned home from work, she had locked him out. He then went home to his mother. It had been the custom for Mr. and Mrs. Gallup to attend Saturday dances in Rock Island, and Gallup decided to go alone.

He first entered the saloon near the dance hall and discovered his wife's alleged perfidy.

The man with the black eye, H. D. Ross, explained that he had met Mrs. Gallup at dances and had no idea that she was married. "I was not making love to her, judge," he explained. "I was merely asking her for the next dance. I entered the place and she was seated at a table. She motioned for me to come over and I did."

JERKED FROM CAB FIREMAN SUFFERS FATAL INJURIES

Davenport Man Struck by Post in Coal Chutes at Rock Island Yards This City.

DIED AT ST. ANTHONY'S

Frank Burns Lives but Fifteen Hours at Hospital Following the Accident.

Frank Burns, aged 28 years, 617 East Fourth street, Davenport, died at St. Anthony's hospital, this city, at 12:40 o'clock this afternoon, as a result of injuries sustained at the Rock Island round house yards. Thirty-first street, at 9:15 o'clock Sunday evening.

Mr. Burns was fireman on a switch engine and in leaving far out of the cab of the engine was struck by a post, jerked from the cab and thrown to the ground. His body was knocked back and forth between the coal chutes and engine until the latter had passed.

The death of the man is attributed to internal injuries. His left shoulder blade was broken, one ear severed, several ribs fractured, and besides the internal injuries he sustained many bruises about the body.

He was a comparatively new man at "firing" the switch engine and this may be attributed as his lack of caution in not noticing the post.

He was leaning far out of the window as the engine was going into the coal chutes to take on a supply of fuel. Burns was watching the track ahead to see which chute they were proceeding to and likely did not see the post, or if he did, did not seem to think that it was near enough to him to strike him, for he made no effort to draw himself back into the cab.

ENGINE MOVING SLOWLY.
The engine was not progressing at a rapid rate of speed, but when his head struck the post he was jerked from the cab. The space between the sides of the chute and the engine was very narrow, barely sufficient to allow a person to pass when an engine was standing on the track.

As the engine proceeded the body of Burns was thrown from the engine to the wall of the shutes and back again several times. The engine passed by quickly and that he was not thrown beneath the wheels of the tender seems miraculous.

F. E. Webb, engineer, saw the accident and applied the brakes. He ran to Burns and seeing that the man was seriously injured, notified other employees. The city auto ambulance rushed to the yards and took the man to St. Anthony's hospital.

Here Dr. S. B. Hall attended the man. No hope for his recovery was entertained, but everything possible to save him and ease his pain was done.

WAS BALL PLAYER.

Although his baptismal name was William Francis Burns, he was known to his friends as Frank. He was very popular among a large score of friends both in Davenport and this city, and was a leading amateur baseball player. He is survived by his mother, Mrs. Ellen Burns, a sister, Miss Mary Burns, and a brother, Joseph Burns, all residing in Davenport.

MOLINER BEATEN BY HIGHWAYMAN

Is Deprived of Gold Watch, Chain and Sum of Money—Found by Police.

Slugged, bruised and bleeding, Karl W. Larson of Moline, was found by the police at the corner of Twenty-third street and Third avenue late Saturday night. He had been attacked by highwaymen who beat him up and took his gold watch, chain and a considerable sum of money, according to the story told the authorities. When found Larson was clinging to a telegraph pole in a dazed condition. His leg was gone and his face was covered with blood. He was taken to headquarters, and this morning, after he had sobered up, was liberated. Thus far no trace of the hold-up men has been found.

Larson came to Rock Island Saturday evening about 5:30. At that time he had between \$17 and \$18 in his possession. He visited several saloons and drank considerably. "The next thing I remembered," he said, "in relating his experiences in police court, 'was when the policeman picked me up on Seventeenth street.'"

Larson's right eye was badly blackened and an ugly cut was noticeable over the right eye.

BALLUSTERS ARE ON EXHIBITION AT STORE

The two ballusters, which were in Washington Inn, at one time the home of George Washington, and which are owned by Howard T. Jams, 411 Twenty-first street, are being exhibited in the display window of the London clothing store, on Second avenue, through the courtesy of Mr. Jams. It will be recalled that Mr. Jams was born in the house and that through the kindness of Congressman Clyde H. Tavenner, of this district, the two ballusters were sent to the

THREE ARRESTED BY GAME WARDEN

Forty Hunters Lined Up at Milan and Required to Show Their Licenses.

War on poachers was inaugurated yesterday morning by District Deputy Game Warden J. K. Conley of Freeport, who is in charge of this district during the absence of Elmer McDole.

About 40 nimrods took the Watch Tower at 7 o'clock and Conley boarded the car with them. When the end of the line was reached at Milan, the game warden lined up all of the hunters and asked to see their licenses. Three Belgians, when the demand was given, edged away and then made a dash for liberty. They were captured after an exciting chase and were taken into custody. The other 37 men were all provided with the proper credentials and were not molested.

The prisoners were brought to Rock Island and in police court this morning were fined \$25 and costs each.

Take Up Docket.

A jury retired this afternoon at 2 o'clock in county court to take up the remainder of the criminal docket.

Eyes Examined Without Drugging

An OPTOMETRIST is one who prescribes and fits glasses without the use of drugs or surgery. Optometry is NOT founded on medical science, but on OPTICAL science. A lens treats LIGHT, not disease. Only optically incompetent practitioners drug healthy eyes. This method is not only dangerous, but painful, and it is only by a miracle if the glasses thus prescribed prove correct. We have brought relief and happiness to thousands of people by employing our scientific knowledge for the correction of defective vision. We use no drugs or "drops" of any kind in our examinations.
